

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2021 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition. For more information see FY 2021 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2021 CoC Program NOFO and the FY 2021 General Section NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization’s (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

Inter-Lakes Community Action Partnership (ICAP) is a community action agency serving 14 counties in East-Central South Dakota providing services to low-income and older participants since its inception in 1966. Using federal, state, local and private funds, the agency assists the residents of the service area to achieve and maintain their optimal level of economic and social self-sufficiency. The thrust of the Economic Opportunity Act of 1965, which established community action agencies, was that local residents should have the ability to be involved in the design, implementation and delivery of programs and services aimed at helping them to move toward self-sufficiency.

Housing Services: ICAP operates the Heartland House and Bright Futures Rapid Rehousing Programs for homeless families with children in Sioux Falls. By eliminating most barriers for these families, housing is provided as quickly as possible. The housing is combined with intensive family case management and related services, the goal of which is to assist the participants in their movement away from homelessness and toward housing stabilization. In addition, ICAP has provided other housing services including HOME Rehab, Mutual Self-Help Housing, Self-Help Rehab, Weatherization, Homeownership Education/Counseling and Security Deposit Assistance. ICAP has completed 2 Low Income Housing Tax Credit projects and currently is general partner of 108 Affordable Housing Units in the City of Sioux Falls.

Non-housing supportive services: Nutrition (Sixties Plus Dining, food pantries), Education (Head Start Pre-Birth to Five) Health (dental clinics), Emergency assistance (rent and utility assistance, emergency food and clothing), and Community services (Thrift Stores, community gardens, school supplies, Volunteer Income Tax Assistance, seasonal projects). All of these programs and services are intended to fulfill the agency’s mission of identifying and ameliorating the causes and conditions of poverty in the service area, as required by the federal Community Services Block Grant Act.

Developing new housing: ICAP has operated a USDA Section 523 Mutual Self-Help Housing program since 1996, and the participants have constructed in excess of 130 homes in Aurora, Brookings, Watertown, Volga, Flandreau and Valley Springs since that time. In the program, ICAP recruits groups of low or very low income participants, who receive USDA Section 502 loans and work together as groups to construct each other’s homes. ICAP also uses Self-Help Housing Opportunities Program (SHOP) funds, provided through the Housing Assistance Council (HAC), to subsidize the cost of the building lots for the participants.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

Inter-Lakes Community Action Partnership (ICAP) leverages numerous sources of funds and services agency-wide in order to fulfill its mission. In the 2020-21 program year, ICAP recorded nearly \$10 million in federal and state funds and \$4,200,000+ in private funds (including \$1,681,540 in in-kind funding). These figures illustrate the agency’s funding support across the public and private sectors. Within the Heartland House program, ICAP has leveraged numerous Federal, State, local and private funds and foresees these relationships continuing. Federal leveraging includes the following: Community Services Block Grant (CSBG), SNAP, TANF, WIC, WIOA and the Expanded Food and Nutrition Education Program (EFNEP). State leveraging includes the Department of Social Services Child Support Enforcement and the Child Care Block Grant. Private funds include the Compass Center (healthy relationships classes), East River Legal Services (legal services and education), and The Children’s Inn (emergency shelter, support groups for women, parent education, and donations of food/clothing or other essential items). Local government leveraging includes Sioux Falls Housing and Redevelopment, which provides no-cost evening child care to families that are working, and the Minnehaha Homeless Advisory Board who manages the “Pass It On” program. This program provides free bus passes to families for safe transportation to work, appointments and to childcare facilities. In addition, the program has garnered support from numerous other entities (faith-based organizations, financial institutions, individuals) throughout the Sioux Falls community and will continue to do so.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

Inter-Lakes Community Action Partnership (ICAP) is a 501(c)(3) private nonprofit organization chartered in 1966. The agency is governed by a 15-member Board of Directors, composed of equal representation from the public, community and low-income sectors. Overall administrative authority rests with Cindy Dannenbring, Chief Executive Officer, who has served in that role since 1993. The agency’s administration team includes the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and the Chief Strategy Officer. Arleen Weerheim, the Chief Operating Officer since 1993, is responsible for the day-to-day operations of the agency, oversight of thirteen county offices and management of selected programs. Kimberly Raske, Chief Financial Officer (CFO) since 2002, is responsible for the agency’s financial operations, and supervision of the fiscal and administrative support staff. The CFO establishes and maintains an adequate accounting system with appropriate internal controls to safeguard assets and mitigate risk. Eric Kunzweiler, Chief Strategy Officer, is responsible for the agency’s program planning and development, grant applications, evaluation and reporting, needs assessments and customer satisfaction analysis and reporting. Mr. Kunzweiler began working with ICAP in 2001. Direct services are overseen by program managers/directors. Each manager/director is responsible for the activities in their program specialization. Programs range from one to several dozen employees. All of the agency’s programmatic activities are coordinated across program lines. The agency’s front-line outreach and referral staff provide information and take applications for all agency programs. Agency staff also coordinate and collaborate with external partners. No single entity has all of the

resources needed to serve all of the needs that exist. The only way that agencies can provide effective services is to leverage the resources of partner agencies. In this manner, we maximize impact while limiting duplication of effort. ICAP's financial accounting system uses THO Software's Orion System (including general ledger, payroll, accounts payable modules). The Board of Director's approve the financial policies which guide the agency's fiscal activities. Internal controls include separation of duties among staff, password controls for the computer network and the accounting system, use of a secure server with offsite daily backups, and monthly bank statement reconciliations by a non-fiscal office staff member. All vouchers for payment require two approvals before processing, and all checks require two signatures. As a federal grantee, ICAP undergoes an annual audit as required by 2CFR Part 200 in the Uniform Guidance.

4. Are there any unresolved HUD monitoring or OIG audit findings for any HUD grants (including ESG) under your organization? No

7. Is this new project application requesting to transition from eligible renewal project(s) that was awarded to the same recipient and fully eliminated through reallocation in this CoC Program Competition? (Attachment Requirement) No

8. Will funds requested in this new project application replace state or local government funds (24 CFR 578.87(a))? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The target population to be served in ICAPs Heartland House Rapid Rehousing Program COC Bonus will be homeless families with children whose adult members are coming directly from the streets or emergency shelters, fleeing domestic violence situations, or other persons who qualify under Paragraph 4 of the definition of homelessness. The majority of the adults served will be single female heads-of-household, based on agency experience, but there will be no such requirement for eligibility. We also anticipate the majority of families will include two to three children, most of whom will tend to be under the age of ten. ICAP will take all referrals through the Coordinated Entry System. When a family enters the program, a Housing Stabilization Coach (HSC) will complete an intake process, including determining any short-term and intermediate-term needs and issues the family may have. The HSC and the family members will then complete a Housing Stabilization Plan, which will provide detail as to the existing needs/issues, and a proposed plan as to how to address those needs. The plan will include information on ICAP and other existing programs and services that are available to the family, and a timeline for accessing and utilizing those resources. Through ongoing family case management, the family will make progress toward fulfilling the terms of the housing stabilization plan. In some cases, the HSC will build partnerships with other service providers, as appropriate, to gain access to specialized services that are needed by the participants. For example, staff will refer participants escaping domestic violence to subject-specific counseling or other services aimed at helping the participants to recover from that situation. If other specialized services such as drug/alcohol treatment are needed, the participant will be assisted in enrolling into those services.

Outcome 1: Participants will enter into permanent housing within 30 days of completion of application.

Outcome 2: Participants will remain in permanent housing for at least 12 months.

Outcome 3: Participants will increase their total household income as a result of participation in the program.

ICAP staff have, over the years of the agency’s existence, created many formal and informal networks of collaborating partners among the area’s service providers. All of the partners have realized that no one individual agency can meet all of the needs that exist among their participants. However, working together, they can all magnify the impact of their resources, while at the same time avoiding duplication of effort to the greatest extent possible.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

ICAP’s Housing Stabilization Coaches will use established policies and procedures to analyze the needs and barriers of the participants. Participating families will have needs beyond housing. Lack of formal education is a significant barrier that impacts the participants’ employment opportunities. Substance abuse and domestic violence are significant challenges. Lack of available affordable housing is also a significant barrier. ICAP’s intensive family case management model focuses on the needs of the participating families, and brings together needed supportive services (provided both by ICAP staff and by partner agencies) to provide a comprehensive array of assistance. The goal is to house families as quickly as possible while also eliminating barriers. Stable housing is often the catalyst that allows the participants to move forward with education, employment, treatment for physical and mental/behavioral health issues, and self-sufficiency.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

One of the key features of this program is participants are expected to increase their household income as part of their movement toward economic and social self-sufficiency and housing stabilization. The program prepares the participants for living independently once their participation is completed. These efforts begin with the Housing Stabilization Plan, which details the needs of the family and the resources available to them (both external and internal) and the action steps they will take to fulfill the terms of the plan. All participants are strongly encouraged to be employed at least part-time within three months of entering the program, so the local Department of Labor (DoL) office is a central component of this effort. The DoL offers WIOA, and other related services and provides hands-on assistance with job search, resume preparation, job-seeking and job-keeping skills training and limited supportive services, all of which are aimed at helping applicants to secure and maintain employment. If participants may be eligible for the TANF program, case managers facilitate their application for services, which include employment and education assistance in addition to eligibility for health care and cash subsidies. Participants are assisted in applying for Medicaid, WIC, SNAP, SSI/SSDI and other applicable mainstream resources, so that they can stabilize their living conditions. If the participants do not have their high school diploma or GED (which is frequently the case), they are assisted to enroll in GED classes. Once they have earned their GEDs, they can then consider enrollment in a local technical institute or college to gain a certification or degree that will lead them to higher-paying jobs.

Gentlemen:

On the basis of your stated purposes and the understanding that your operations will continue as evidenced to date or will conform to those proposed in your ruling application, we have concluded that you are exempt from Federal income tax as an organization described in section 501(c)(3) of the Internal Revenue Code. Any changes in operation from those described, or in your character or purposes, must be reported immediately to your District Director for consideration of their effect upon your exempt status. You must also report any change in your name and address.

You are not required to file Federal income tax returns so long as you retain an exempt status, unless you are subject to the tax on unrelated business income imposed by section 511 of the Code, in which event you are required to file Form 990-T. Our determination as to your liability for filing the annual information return, Form 990-A, is set forth above. That return, if required, must be filed on or before the 15th day of the fifth month after the close of your annual accounting period indicated above.

Contributions made to you are deductible by donors as provided in section 170 of the Code. Bequests, legacies, devises, transfers or gifts to you or for your use are deductible for Federal estate and gift tax purposes under the provisions of sections 2055, 2106 and 2522 of the Code.

You are not liable for the taxes imposed under the Federal Insurance Contributions Act (social security taxes) unless you file a waiver of exemption certificate as provided in such act. You are not liable for the tax imposed under the Federal Unemployment Tax Act. Inquiries about the waiver of exemption certificate for social security taxes should be addressed to your District Director, as should any questions concerning excise, employment or other Federal taxes.

Your District Director is being advised of this action.

Every exempt organization is required to have an Employer Identification Number, regardless of whether it has any employees. This number should be entered in the designated space on all Federal returns filed and referred to on all correspondence with the Internal Revenue Service. If you do not have such a number, your District Director will take steps to see that one is issued to you at an early date.

This ruling is not applicable to your proposed nursing-home project for elderly residents. In the event that you decide to establish and operate a nursing home, it will be necessary that you advise your District Director of all the facts in order that a determination may be made as to the effect of such action on your exempt status.

Very truly yours,

John R. Barber
