## VALUES AND GUIDING PRINCIPLES

We will prioritize programs that:

- Are addressing the disproportionate impacts that homelessness and COVID-19 have on communities of color and other vulnerable populations as determined by data assessment.
- Engage those with lived experience of homelessness and communities most impacted by COVID-19 in creating effective approaches to reducing and ending homelessness.
- Are culturally responsive, culturally specific and led by those who reflect the populations served.
- Initiate or enhance partnerships and collaborations that include traditionally marginalized groups in program planning and implementation.
- Are actively engaged in or seek to build partnerships with Tribal Nations in addressing homelessness among Native Americans, in tribal communities and within Tribal Nation land. A set-aside of up to \$1,000,000 is available for programs providing ESG services to tribal communities.

<b>ELIGIBILITY OF REHABILITATION CONVERSION AND RENOVATION ACTIVITIES ONLY</b>
--

If you are requesting ESG funds for rehabilitation, conversion or renovation, please answer all questions (A-E) below.

**A.** Does the rehabilitation, conversion, or renovation activities involve a building on the National Register of Historic Places, a building located in a Historic District, a building immediately adjacent to a property listed on the National Register, or building deemed to be eligible for inclusion on the National Register by the State Historic Preservation Officer?

## ACCESSIBILITY FOR PERSONS WITH DISABILITIES

Federal regulations require that all agencies assisted with ESG funds must not exclude or deny benefits or assistance to people with disabilities. Emergency shelters and service agencies should therefore seek to ensure that their shelter and/or agency are physically accessible to people with disabilities. Accessibility includes such things as: entrance ramps, parking with universal logo signage, grab bars around commodes and showers, top of toilet seats between 17-19 inches from the floor, drain lines under lavatory sink either wrapped or insulated, space for wheelchair maneuverability, accessible water fountains, access between floors (elevators, ramps, lifts), and other improvements needed to assure full access to funded facilities/ programs, including serving the blind and deaf.

## PROJECT DESCRIPTION

In order to address the COVID-19 pandemic, HUD is providing a supplemental allocation of ESG funds as authorized by the Coronavirus Aid, Relief and Economic Security (CARES) Act, Public Law 116-136. These special ESG-CV funds **are to be used to prevent, prepare for, and respond to the coronavirus pandemic (COVID-19)** among individuals and families who are homeless or receiving homeless assistance. The funds will also support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19.

### **Emergency Shelter Component**

ESG-CV funds may be used only for the costs of providing emergency shelter during the period beginning on the date the recipient or subrecipient began preventing, preparing for and responding to coronavirus (March 13, 2020) and ending on January 31, 2022 and only for those costs that are necessary to prevent, prepare for and respond to coronavirus.

#### Renovation

- Eligible costs include labor, materials, tools and other costs for renovation (including major rehabilitation of an emergency shelter or conversion of a building into an emergency shelter). The emergency shelter must be owned by a government entity or private nonprofit organization.

#### Operations

- Eligible costs include maintenance/repair, rent, security, fuel, equipment, insurance (shelter only), utilities, food, furnishings and supplies necessary for the operation of the emergency shelter. Also hotel/motel costs for individuals and families experiencing homelessness, receiving rapid rehousing assistance under CoC or ESG programs, receiving homelessness prevention

under the ESG program, or residing in permanent supportive housing. The subrecipient may pay for a hotel room directly or through a hotel or motel voucher. Additionally, funds can be used to pay for cleaning of hotel and motel rooms used by program participants as well as to repair damages caused by program participants above normal wear and tear of the room. These flexibilities are provided to allow recipients to secure hotel and motel rooms more quickly to be available when needed to prevent the spread of coronavirus (for example, when a program participant needs to isolate to keep from spreading the virus to other shelter occupants or household member).

Essential Services (For use with shelter residents only)

- Eligible costs include case management, child care, education, employment, life skills services, legal services, mental health, substance abuse services, transportation and services for special populations.

### **Temporary Emergency Shelter**

As permitted by the CARES Act, ESG-CV funds may be used to pay for temporary emergency shelters for individuals and families experiencing homelessness in order to prevent, prepare for and respond to coronavirus. Funds may be used to support temporary emergency shelters to prevent, prepare for, and respond to coronavirus until January 31, 2022. This date will ensure that ESG-CV funds are available to serve more individuals and families with assistance to prevent, prepare for, and respond to coronavirus.

Eligible costs include:

- (a) Leasing existing real property or temporary structures to be used as temporary emergency shelters;
- (b) Acquisition of real property (e.g. hotels, ancillary structures, parking lots). The total amount of ESG-CV funds used for acquisition must not exceed \$2.5 million per real property. If funds are used for acquisition or renovation (including conversion or major rehabilitation) the property's use and disposition will be subject to the real property requirements in 24 CFR 200.311;
- (c) Renovation (including major rehabilitation and conversion) of real property (3.g. hotels) into temporary emergency shelters. Eligible costs include labor, tools and other costs for renovation;
- (d) Shelter operations costs including the costs of maintenance (including minor or routine repairs), rent, security, equipment, insurance, utilities, food, furnishings, supplies necessary for the operation of the temporary emergency shelter;
- (e) Services, including essential services under 24 CFR 576.102(a)(1), housing search and placement services under 24CFR 576.105(b)(1), and housing search and counseling services as provided under 24 CFR 578.53(e)(8); except as otherwise stated in this Notice or 24 CFR part 476.408 and;
- (f) Other shelter costs HUD pre-approves in writing.

### **Street Outreach Component**

- Eligible costs include, engagement, case management, emergency health and mental health services, transportation, and services for special populations.

## **Homeless Prevention Component (At Risk of Homelessness Individuals and/or Households)**

### Housing Relocation and Stabilization Services

- Eligible costs include: Housing search and placement, case management, mediation and legal services, credit repair/budgeting/money management.

### Financial Assistance

- Eligible costs include: Rental application fees, security deposits, last month rent, utility deposits, utility payments (including up to six months of arrearages), and moving cost assistance.
- Landlord Incentives – ESG-CV funding may be used to add the eligible cost of paying for landlord incentives as reasonable and necessary to obtain housing for individuals and families experiencing homelessness and at risk of homelessness. The limitation to three times the rent charged for each unit ensures enough ESG-CV funds remain available to provide other eligible activities necessary to prevent the spread of coronavirus. Eligible landlord incentive costs include:
  - (i) Signing bonuses equal to up to 2 months of rent;
  - (ii) Security deposits equal to up to 3 months of rent;
  - (iii) Paying the cost to repair damages incurred by the program participant not covered by the security deposit or that are incurred while the program participant is still residing in the unit; and
  - (iv) Paying the costs of extra cleaning or maintenance of a program participant's unit or appliances.

### Rental Assistance

- Eligible costs include: Short term and medium term rental assistance plus up to 6 months arrearages. Medium-term is established as for more than 3 months but not more than 12 months. This alternative requirement will allow more households to receive rapid rehousing and homelessness prevention assistance, which is necessary to prevent, prepare for, and respond to coronavirus.

## **Rapid Re-Housing Component (Homeless Individuals and/or Households)**

### Housing Relocation and Stabilization Services

- Eligible costs include: Housing search and placement, case management, mediation and legal services, credit repair/budgeting/money management.

### Financial Assistance

- Eligible costs include: Rental application fees, security deposits, last month rent, utility deposits, utility payments (including up to six months of arrearages), and moving cost assistance.
- Landlord Incentives – ESG-CV funding may be used to add the eligible cost of paying for landlord incentives as reasonable and necessary to obtain housing for individuals and families experiencing homelessness and at risk of homelessness. The limitation to three times the rent charged for each unit ensures enough ESG-CV funds remain available to provide other eligible activities necessary to prevent the spread of coronavirus. Eligible landlord incentive costs include:
  - (v) Signing bonuses equal to up to 2 months of rent;
  - (vi) Security deposits equal to up to 3 months of rent;
  - (vii) Paying the cost to repair damages incurred by the program participant not covered by the security deposit or that are incurred while the program participant is still residing in the unit; and

- (viii) Paying the costs of extra cleaning or maintenance of a program participant's unit or appliances.

#### Rental Assistance

- Eligible costs include: Short term and medium term rental assistance plus up to 6 months of rental arrearages. Medium-term is established as for more than 3 months but not more than 12 months. This alternative requirement will allow more households to receive rapid rehousing and homelessness prevention assistance, which is necessary to prevent, prepare for, and respond to coronavirus.

**Training** – as permitted by the CARES Act, ESG-CV funds may be used for training on infectious disease prevention and mitigation for staff working directly to prevent, prepare for and respond to coronavirus among persons who are homeless or at risk of homelessness and the use of funding shall not be considered administrative costs. These training costs are eligible as a standalone activity and are not to be charged to an activity under 24 CFR 576.101 to 24 CFR 576.109.

**Hazard Pay** – As permitted by the CARES Act, funds may be used to pay hazard pay for staff working directly to prevent, prepare for, and respond to coronavirus among persons who are homeless or at risk of homelessness.

**Handwashing Stations and Portable Bathrooms** – ESG-CV funds may be used for installing and maintaining handwashing stations and bathrooms (i.e. porta potties) in outdoor locations for people experiencing unsheltered homelessness. Allowing ESG-CV funds to pay for the costs of handwashing stations and bathroom facilities will help prevent the spread of coronavirus by providing people living in unsheltered locations regular access to bathrooms and the ability to wash their hands.

**Volunteer Incentives** – ESG-CV funds may be used for the cost of providing reasonable incentives to volunteers (e.g. cash or gift cards) who have been and are currently helping to provide necessary street outreach, emergency shelter, essential services and housing relocation and stabilization services during the coronavirus outbreak.

#### HMIS Component

- Eligible costs include: Computer hardware/software/software licenses, office space/utilities/equipment, obtaining technical support, salaries for HMIS operations, staff travel for HUD approved HMIS training and participant intakes, and participation fees charged by the HMIS Lead

#### Administration Component

- Up to 7% of the ESG budget.
- Eligible costs include: Administrative costs related to planning and execution of the ESG activities. This does not include staff and overhead costs directly related to carrying out street outreach, emergency shelter, homelessness prevention, and rapid re-housing activities, as those costs are eligible as part of those activities.

#### Expenditure Deadlines

To ensure ESG-CV funds are spent quickly on eligible activities to address the public health and economic crisis caused by coronavirus, the following alternative requirements are established:

- (i) HUD may recapture up to 20 percent of a recipient's total award, including first and second allocation amounts, if the recipient has not expended at least 20 percent of that award by September 30, 2021.
- (ii) HUD may recapture up to 80percent of a recipient's total award, including first and second allocation amounts, if the recipient has not expended at least 80 percent of that award by March 31, 2022.

SDHDA reserves the right to review a subrecipient's balance of funds quarterly and reallocate unused funds if the subrecipient is not meeting the expenditure requirements above.

**What type of Clientele will you be serving? (Check all that apply)**
