Rating and Ranking Tool

No major additions from the last week

Changes to the timeline from the 8th to the 11th for the project application. All the dates are now updated.

Our next meeting is on August 31st in person, we could potentially start to meet the night before in person in Pierre.

New applications are coming in with narratives, and we may need to see these prior to the 31st. There is a lot of reading material between the new applications and the renewals this year.

We will be voting for the rating and ranking tool over email.
